Application Information and Procedure

Please read this document in its entirety before contacting our office with questions or concerns.

Our postbaccalaureate program contains two cohort tracks:
   • Academic Enhancer = for students with a science background who have completed most or all science prerequisites (one year each of general chemistry with lab, organic chemistry with lab, physics with lab, general biology with lab, and mathematics). This cohort begins in Winter quarter (January) of each year.
   • Career Changer = for students with a non-science background who have completed few or none of science prerequisites (one year each of general chemistry with lab, organic chemistry with lab, physics with lab, general biology with lab, and mathematics). This cohort begins in Fall quarter (September) of each year.

Please note the application deadlines below for each cohort. There will be no exceptions.
   • Fall Cohort (accepts Career Changer and Academic Enhancer students) = May 31st.
   • Winter Cohort (accepts Academic Enhancer students only) = October 1st.

Our Admissions Team takes each applicant's full application into consideration; however, undergraduate cumulative GPAs of 2.8 and above are considered competitive. The average undergraduate cumulative GPA of accepted students is usually 3.0 and higher.

At this time, application to our program DOES NOT REQUIRE:
   • letters of recommendation
   • personal statements
   • resumes or CVs
   • professional or personal references
   • standardized tests
